Experience elevated Northwest living in this beautifully designed home at Glacier Pointe in Tehaleh by Trumark Homes. Offering approximately 4,421 square feet on a thoughtfully positioned homesite, Lot 1509 blends expansive living with flexible spaces designed for modern lifestyles, multi generational living, and effortless entertaining.

A welcoming main level features open concept living anchored by a chef inspired kitchen with prep kitchen, flowing into spacious gathering areas designed for connection and comfort. Multiple flex spaces throughout the home provide versatility for work, study, or relaxation, while the covered outdoor living area extends everyday living into the natural beauty of the Pacific Northwest. The lower level enhances livability with additional entertaining and lifestyle space, including a wet bar and direct access to a concrete patio off the indoor/outdoor flex area, perfect for hosting or quiet retreat. Thoughtful design details throughout, including a mud bench and garage man door, add everyday convenience and functionality.
