Welcome to homesite 105 of the Duet Collection at Sterling Ranch. This spacious duplex home offers approximately 1,882 finished sq. ft. of living space. The thoughtfully designed floorplan includes a main floor pocket office, an upstairs loft, and an in-ground unfinished basement. With the Jocelyn I design finish package, this home blends modern living and lifestyle through features such as LVP wood-like flooring, a tankless water heater, gas line to range, air conditioning, and more.

The High Country Ranch elevation style adds charm and curb appeal, while the interior is designed for functionality and comfort.
