The Hollow plan is a two-story home offering approximately 2,559 finished sq. ft. of living space, featuring an open-concept floorplan that seamlessly connects the great room, dining area, and kitchen. Just off the entry is a bedroom in-lie-of the main floor office space. Upstairs, you'll find a loft, laundry room, and a spacious primary suite with dual sinks, a walk-in shower, and a large walk-in closet.

Quality finishes and cabinetry are showcased throughout, including quartz countertops, GE Café stainless steel appliances, LVP wood-like flooring, a tankless water heater, gas line to range, AC, and more. Additional highlights include a Modern Ranch (B) elevation, 4 bedrooms and 2.5 bathrooms, a 2-car garage, an unfinished basement with rough-in plumbing for a future bath, a gourmet kitchen with full overlay white shaker-style cabinets and under-cabinet lighting, the Jacqueline Plus design finish package, an open black iron stair railing, a fireplace in the great room, and a homesite that fronts to a community park.
